WARRANT

STATE OF NEW HAMPSHIRE

Town of Newmarket

To the Inhabitants of the Town of Newmarket in the County of Rockingham in said state, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the 13th day of March, to act on the following subjects:

(Polls will be open from 10:00 a.m. to 6 p.m.)

1. To choose all necessary Town Officers for the ensuing year.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year; as may be necessary for General Government including Town Officers' salaries and expenses, election and registration, town buildings, for the protection of persons and property, including the Police Department, for health and sanitation, vital statistics, general expenses of the departments, for education and the public library; for charities, including the decoration of soldiers' graves; for recreation; for cemeteries; for interest; for new construction and improvements, for indebtedness to other governmental divisions and to pay all other necessary charges arising within said town.

3. To see if the town will vote to authorize and empower the Selectmen to borrow money for necessary expenditures; in anticipation of the collection of taxes.

4. To see if the town will vote to allow a discount of two percent (2%) on all taxes except poll and head taxes, if paid within fifteen days after receipt of bill.

5. To see if the town will vote to accept the budget as submitted by the budget committee.

6. To see if the town will vote to pay members of the Fire Department \$97.00 in addition to that required by law. (Recommended by the Budget Committee.)

7. To see if the town will vote to authorize the Selectmen to file in behalf of the town an application (in form and manner required by the United States and in conformity with P.L. 560, 83rd Congress) and do whatever else may be required for an advance, in the amount of \$5,000.00 to be made by the United States to the Town of Newmarket, New Hampshire, and, further, to see if the town will make the necessary arrangements to provide such additional funds as may be required to defray the cost of preparation of the report and plans. (Recommended by the Budget Committee.)

8. To see if the town will vote to extend the present water main on Lee Road from Durell's Corner 1,000 feet at a cost of \$6,000.00, using 8 inch cast iron pipe. This money to be raised by taxes. By petition of water commissioners. (Recommended by the Budget Committee.)

9. To see if the town will vote to raise and appropriate the sum of \$12,000.00 to buy a garbage disposal truck for the department of public works, said money to be paid over a period of four years. (Recommended by the budget committee.)

10. To see if the town will vote to cancel the annual appropriation of \$3,500.00 for the construction of a garage for housing the equipment used by the public works department. The fund has reached \$14,000.00 plus interest which we, the Selectmen, believe sufficient to start the building of said garage. (Recommended by the Budget Committee.)

11. To see if the town will vote to authorize the establishment of a capital reserve fund for the public works department. Money to be used in buying new equipment and the sum of \$3,500.00 to be raised and appropriated each year. (Recommended by the Budget Committee.)

12. To see if the town will vote to give the planning board the authority to set forth in sections 16-29, chapter 36, N. H. R.S.A. 1955. These sections give the planning board the authorization for the establishment of an official community map, and to regulate new subdivision of land. (Recommended by the Budget Committee.)

Given under our hands and seals this 24th day of February, in the year of our Lord, nineteen hundred and sixty-two.

JOHN TWARDUS
CLINTON D. HALEY
NICHOLAS ZUK

Selectmen of Newmarket, N. H.

We hereby certify that we gave notice to the inhabitants within named, to meet at the time and place and for the purpose within mentioned by posting an attested copy of the warrant at the place of meeting within named, and a like copy at the post office. Being a public place in said town, on the 26th day of February, 1962.

JOHN TWARDUS

CLINTON D. HALEY

NICHOLAS ZUK

Selectmen of Newmarket, N. H.

REPORT OF SELECTMEN

To the citizens of the Town of Newmarket:

The Board of Selectmen submits its annual report for the fiscal year ending December 31, 1961.

Less Veterans' Exemptions	213,035.00	221,635.00
Net Valuation for Tax Rate	<u>\$3,897,375.00</u>	<u>\$4,045,012.00</u>

Tax Rate: \$72.00

PROGRESS REPORT FROM THE OFFICE OF THE SELECTMEN

The Selectmen respectfully submit to the citizens of the Town of Newmarket, a summary of the projects that were undertaken during the past year. past year.

The widening and surfacing of New Road has progressed to a point approximately two (2) miles from its junction with Exeter Street.

The sidewalk construction appropriation of \$2,500.00 was matched by the townspeople. They were taken in order of their application. All applications for sidewalks in front of their homes or places of business were taken care of during the last year. Many citizens have agreed that this is a very good project and should be continued this year.

With the cooperation of the New Hampshire Electric Company, Telephone Company and the State Highway Department, we have removed over a dozen trees this year with very little expense to the town. We hope to continue this work in the coming year.

The Riverside Cemetery, which as you all know, belongs to the Town of Newmarket. It has been greatly improved during the last year. The main avenue has been hard-topped and all avenues were widened and resurfaced. The fence was given a new coat of aluminum paint.

The tractor and back hoe that the town purchased last year has been a great help to the public works. Not only for its efficiency but the money that it is saving the town. Before its purchase we had to hire one, whenever needed, at the cost of

\$40.00 per day. It has been in constant use this past year on construction work such as sidewalks, Lamprey Street water project and numerous other jobs.

The installation of a six inch water main was completed this past year. There was 870 ft. of 6" pipe laid to extend the existing main on Lamprey Street to Durham Point Road and hence to connect to the North Main Street water main. Also an extension of 500 ft. on Durham Point Road with a fire hydrant installed. A total of 1370 ft. of six-inch water pipe. This, of course, improves water service and fire protection to the property owners in this section of the town.

After finishing all the work in the basement of the Town Hall, we thought it due time that something was done about the main hall upstairs. It has been over 25 years since it was painted. So we have done a redecorating job that we know everyone will be pleased with. Bids were put out and John Stevens was the lowest bidder. Herbert Philbrick installed the new lighting fixtures.

Our regular meetings are held on the first and third Tuesday of each month. All meetings are open to the public and we welcome your attendance. We wish at this time to thank all the townspeople and town officers for their help in making the past years' work a more pleasant and gainful task.

*DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION*

Concord, New Hampshire

Summary of Findings and Recommendations

February 8, 1962

Board of Selectmen
Newmarket, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Newmarket for the fiscal year ended December 31, 1961, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Public Library, Municipal Court and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets:

December 31, 1960 — December 31, 1961

(Exhibit A-1)

Comparative Balance Sheets for the fiscal years ended December 31, 1960 and December 31, 1961 are presented in Exhibit A-1. As indicated therein the financial condition changed from a Net Debt of \$2,529.80 to a Surplus of \$16,398.12.

Analysis of Change in Financial Condition

(Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt (Increase in Surplus)	
Net Budget Surplus	\$ 9,116.39
Long Term Notes Paid	9,409.97
Adjustment of Interest on Notes	390.03
Tax Collector's Excess Credits	11.53
	<hr/>
	\$18,927.92

Comparative Statements of Appropriations
and Expenditures — Estimated and Actual Revenues

(Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1961, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$8,719.22, plus a net unexpended balance of appropriations of \$397.17 resulted in a net budget surplus of \$9,116.39.

Summary Statement of Receipts and Expenditures

(Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1961, made up in accordance with the uniform classification of accounts, is presented in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1961, is indicated in Exhibit B-2.

Statement of Long Term Indebtedness

(Exhibit G)

A statement of outstanding long term indebtedness, as of December 31, 1961, showing annual debt service requirements, is contained in Exhibit G.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

It is noted that the current surplus (excess of total assets over current liabilities) increased from \$12,770.20 to \$21,898.12 in 1961, as shown herewith:

	12/31/60	12/31/61
Total Assets	\$96,409.68	\$124,850.67
Current Liabilities	83,639.48	102,952.55
Current Surplus	\$12,770.20	\$ 21,898.12

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Newmarket for their assistance during the course of the audit.

Very truly yours,

Harold G. Fowler, Director

DIV. OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

O. Maurice Oleson, Auditor

Dumont W. Bailey, Accountant

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Newmarket for the fiscal year ended December 31, 1961. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town of Newmarket on December 31, 1961, together with the results of operations during the fiscal year ended on that date.

Respectfully submitted,

Harold G. Fowler, Director

Report of the
BOARD OF WATER COMMISSIONERS

During the past year your Water Works has operated without interruption.

Automation of the pumping station is nearly completed, with a few minor details to be finished this next year. The plant will then operate for short periods of time unattended, thus freeing the operator for other Water Works duties.

This past year approximately 870 feet of six (6) inch water main were installed to connect the North Main Street water main to the Lamprey Street water main. An additional 500 foot extension was installed along Durham Point Road with a fire hydrant at the end, in order to furnish improved water service and fire protection to residents in that area. The town voted to appropriate \$6,000.00 to pay for this project.

A study of the Water Service Master Plans was made and brought up to date this past year.

A committee was appointed to conduct a long range study of future needs and expansion of our water mains and sources of supply. This committee has recommended the extension of the water main from Durell's Corner to Moonlight Bridge and beyond. In this direction lies our potential source of supply of water.

The Water Shed Project drawn up by the Soil Conservation Agency was started this past year. Trees and brush were cut and the land graded and seeded over an area 40 feet on each side of the stream for a distance of approximately 2000 feet. This should improve our water supply and result in

a saving of labor costs. The engineering and surveying costs were borne entirely by the Soil Conservation Agency. The equipment and labor costs were borne by the Water Works.

Plans have been made to replace the windows in the filter room with glass blocks. The materials have been purchased and await only warmer weather to carry out this project. Plans also have been made to replace the decayed window sills in the pumping station and install combination windows and screens during 1962.

A new truck is included in our 1962 budget to replace our worn out 1953 truck now in use.

We wish to express our appreciation to the Superintendent, Mr. Richman Walker, the Selectmen, and townspeople for their support and cooperation this past year.

Respectfully submitted,

Board of Water Commissioners

LIBRARY REPORT

It is a privilege to report that at the end of the fiscal year our plan of work for 1961 was completed and the sum of \$253.83 was turned over to the town of Newmarket. This surplus can be attributed in part to lower fuel costs and the installation of the combination windows.

A new exterior light affixed to the northwest corner of the building will now provide adequate lighting for the patrons of the library. Also it may help control acts of vandalism which have been experienced in the past. It has been necessary to replace several panes of broken glass and to patch a small area of ceiling in the main library.

In conclusion, we are happy to announce it was possible to increase the librarian's salary retroactive to July 1, 1961.

Respectfully submitted,

CLIFFORD S. HALE
ELIZABETH GOWEN
VELMA SZACIK

POLICE DEPARTMENT REPORT

For the year ending December 31, 1961

This report is submitted to the citizens of Newmarket, N. H.

In the personnel department there were some changes made, Officer Richard Averill tendered his resignation on June 12, on June 18 Albert T. Pettengill was appointed to the Police department to replace Averill. After working with us for two weeks, he decided he did not want to be a Police officer, and terminated his duties with the department on July first, making it necessary to fill this vacancy. Richard P. Beaulieu was chosen and appointed to replace Pettengill.

Changes such as these not only creates a problem for the department, but are also expensive.

The Special Police who are always ready and willing to assist were somewhat busy this year, they were called to officiate at 395 various assignments, of this number 40 were to assist the regular police in one way or another, when some unforeseen emergencies come up or a replacement is needed, and on many occasions it is necessary that they use their own personal automobile, these men are indispensable to our department, and deserve mention in this report for the service they render this community.

As many of you know, we have a well organized school safety patrol at St. Mary's school. We have been aware for some time of the need of such a program at this school, due to the fact that there are over 300 pupils that attend classes there, and dare say the majority of them in the lower grades, and the little ones were the ones we were most concerned

about, and we knew and realized the traffic hazards they were exposed to on their way home, and when I started this project I got the best of cooperation from everyone I contacted, and wish to express my appreciation at this time to each and every one of them. My sincere thanks to the boys and girls of the patrol for a job well done.

In new equipment there is an article in the warrant asking the voters to appropriate the sum of \$1,250.00 that we may trade the 1960 cruiser, we now have. We have shopped around some and find that the above figure is the best we could come up with, taking into consideration the type of automobile that is offered the Town in trade.

For the office we anticipate in getting a new filing cabinet in order that we might keep our records. The one we now have is pretty well filled up and we need more room. Also, a typewriter to replace the one we now have, which has been in use for several years, and was a second hand machine when we bought it, therefore I don't feel it is an unreasonable demand that this machine be replaced.

The police in a community is one department that must have the confidence and cooperation of its citizens, to make it function properly. I only wish it were possible for me to thank each and every one individually, who have been instrumental in making the year 1961 a good year, my sincere thanks to all of you.

Respectfully submitted,

JOHN VALLIERE

Chief of Police

COURT CASES

A summary of Court cases heard in the New-market Municipal Court in the past year by your local police are broken down, and read as follows:

Cases pertaining to motor vehicles violations	
Careless & negligent operating	9
Operating under the influence of liquor	7
Failing to stop at a stop sign	4
Operating after suspension	4
Failing to stop for an officer	3
Leaving the scene of an accident	1
Failing to keep to the right	1
Passing on solid unbroken yellow line	2
Misuse of registration plates	2
Taking motor vehicle without authority of owner	1
Obstructing a public sidewalk	1
Failing to show financial responsibility	1
Speed greater then reasonable and prudent	40
Operating without a license	1
Operating uninspected motor vehicle	1
Cases other then motor vehicle offences	
Drunk and disorderly	13
Disturbing the peace	4
Illegal possession of intoxicating liquor (minors)	6
Assault	2
Brawling in public place	2
Contempt of Court	2
Non-support	2
Littering trash on public highway	1
Larceny	1
Possession of stolen property	1
Obtaining alcohol beverage for minors	2
Violating Police regulations	1
Breaking & entering	1

Juvenile hearings	9

Investigations	34
Police escorts	54
Recovered property valued at	\$1,373.00

FIRE DEPARTMENT REPORT

The Newmarket Fire Department responded to 27 alarms during the past year, two of these fires resulted in property damage totalling \$8,780.00 and in both instances the buildings were covered by insurance.

Fire Record for 1961

House and barn fires	3
Chimney	3
Grass and brush	13
Car	1
Out of Town	1
Resuscitator	1
Miscellaneous	1
Still alarms	4
	<hr/>
	27
Inspection of oil burners	12

This year a new system of sounding an alarm telephoned in has been put into operation, the telephone operated relay which had been in use since the dial system was put in effect had caused many false alarms because of mechanical defect. Fire alarm boxes have been installed at each of the four stations on the Red Line network. A considerable savings to the town has resulted in the lessened telephone rental fee, the innumerable telephone caused false alarms have been eliminated.

A new E & J resuscitator has been purchased, this is far more dependable than the old one in use for the past decade, is simpler in construction and design, and is more efficient to operate. The master clock in the fire house which automatically tests the

alarm at 12:30 p.m. and 9:00 p.m. has been completely overhauled and repaired and a new Box 7, and Box 73 installed.

A ladder rack and new 32 ft. ladder have been put on the Chevy, the two red lights on the rear of that truck have been replaced with new ones. A new motor has been put in the Ford panel truck, and the Seagraves has new red lights.

In the fire house itself the back room and two rest rooms have been repainted.

There has been a gratifying increase in the number of burning permits requested in the year past, a total of 203 were given out. Issuing a permit cuts down on the number of phone calls reporting suspicious smoke and the necessary investigation which results.

It appears definitely true that the citizen who has material to burn and takes the extra time to call for permission (based on the judgement of an official qualified to determine the safety factor) is the citizen who is making a definite effort to curtail unnecessary fires. Of the 13 grass and brush fires on record none was a fire started by a burning permit holder, the 203 permits were issued only if burning conditions were ideal, the privilege was not abused, and no "run-away" fires resulted.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high wind or high fire danger, or set up any regulation—hours, etc., governing use of permits or town dump, we are simply protecting your interests and these of the town of Newmarket. For burning per-

mits call your Fire Warden at OL 9-3286, or deputy Warden at OL 9-3216.

1. Follow the instructions of the warden.
2. Secure the necessary burning permit.
3. Keep your fire under control.
4. Completely extinguish your fire before leaving it.

MOST IMPORTANT OF ALL

5. See that your children are properly educated and cautioned on the danger of fire.

The Newmarket Fire Department acknowledges that its' success and efficiency are due to the interest of department members and of equal importance due to the interest of the taxpayer and his support of the department.

Respectfully submitted,

Chief Robert S. Keller
Deputy Chief Herbert Philbrick
Deputy Chief Joseph Butler

Newmarket Fire Department

REPORT OF NEWMARKET CIVIL DEFENSE

Civil Defense in one form or another, under one name or another, has always been a part of life in this country. In reality, when the early settlers built their blockhouses to provide a place of shelter from the hostile Indian tribes, when women stood guard as the men worked the fields, when communities organized for better protection against the hazards of nature, they were, in effect, providing Civil Defense, for their efforts were oriented toward the protection of their families, their homes, their communities. In sober fact, there is no object to any defense except that it protects people.

During 1961 increased interest in Civil Defense was throughout the town of Newmarket. Attendance at Civil Defense meetings was more than 50% greater than in previous years. The added awareness of the value of Civil Defense was shown as well by the increased interest of local residents in home fallout and blast proof shelters.

A committee formed by local C. D. personnel typed tables and packaged over 675 folders on home shelters which were mailed to all local citizens in October.

Many more of volunteer labor were put into research to determine local requirements for C. D. in coordination with a state wide program which would aid and assist in any widespread disaster in this area.

Representing your town at a meeting held by the Governor and his Council on Civil Defense needs for Newmarket and surrounding cities and towns held on October 29, 1961 were Selectman John Twar-

dus, Fire Chief Robert Keller, two C. D. committee members: Mrs. Betty Harclerode, and the local Communications Officer, and your Civil Defense Director.

During the 1961 fiscal year many useful items were purchased through the existing surplus program. In January a 10 KW generator was obtained for use at the fire house at a cost of \$35.00. This generator is adequate to provide power to run the firehouse furnace, radio and lighting during an emergency. If purchased on the open market the generator alone would have cost \$1,716.00.

Operation Alert last spring was very successful with cooperation of all local departments.

At this time I wish to thank all local C. D. volunteers for their continued interest and for their many hours of volunteer work devoted to Newmarket and representing our contribution toward a prepared and protected America.

Respectfully submitted,

GEORGE HAUSCHEL,

Civil Defense Director

PLANNING BOARD REPORT

The Newmarket Planning Board was reorganized during the early part of this year. Frank M. Schanda was elected chairman and Wilbur Sharples was elected clerk. It was decided to hold monthly meetings, and if possible on the third Friday of each month.

The first meetings were used to acquaint the members of the board with their duties as specified by law.

The major project for the year was to interview engineers from various engineering concerns. The object of these interviews was to recommend one specific firm to the Board of Selectmen, that in our opinion, would be most able to make a preliminary plan suitable to the present and foreseeable future needs of the town's sewerage disposal problems. After several meetings we recommended to the Board of Selectmen that they secure the services of Whitman and Howard of Boston, Mass., and proceed with the preliminary planning phase of a sewage disposal system.

The Planning Board's duties are spelled out by state law and their responsibility is to study problems of the town and recommend possible solutions of these problems to the appropriate town officials.

Our meetings are public and are held in the court room and we welcome your attendance.

Members of the Planning Board

JOHN EDGERLY, JR.

FRANK M. SCHANDA

WILBUR SHARPLES, JR.

Moderator

ARTHUR BEAUCHESNE

Clerk

ISABEL DONOVAN

Truant Officer

FRED HARCLERODE

School Nurse

NORMA JAROSZ

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Newmarket qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the twentieth day of March 1962, at ten o'clock in the fore noon, to act upon the following subjects: Articles 1, 2, 3, 4 and 7.

Articles 5, 6, 8, 9 and 10 will be taken up at the High School Gymnasium at eight o'clock in the evening.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the

district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will transfer the \$6,000.-00 which has been appropriated in previous years into a fund to be known as a reserve for the Expansion of School Facilities and to include the appropriation found in the 1962-63 school budget.

10. To transact any other business which may legally come before this meeting.

Given under our hands at said Newmarket this 28th day of February, 1962

CERTIFICATES

To the Board of Selectmen:

I certify that the above is a correct statement of the obligations authorized and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the New-market School District held March 22, 1961.

June 12, 1961

ISABEL DONOVAN

Clerk of School District

To the State Department of Education:

I certify that the above is a correct statement of the financial proceedings of the district for the school year 1961-1962 and that copies of this statement have been filed with the chairman of the Board of selectmen and entered in the records of the school board in accordance with N. H. Revised Statutes Annotated, Chapter 197, Section 20.

June 12, 1961

BEATRICE L. GEOFFRION

Chairman of the School Board

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

Summary of Findings and Recommendations

August 14, 1961

The School Board
Newmarket School District
Newmarket, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Newmarket School District for the fiscal year ended June 30, 1961, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1960 and June 30, 1961, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$7,146.-79 during the fiscal year ended June 30, 1961.

Analysis of Change in Financial Condition:

(Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues:

(Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1961, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$8,169.93, less a net overdraft of appropriations of \$1,239.74, resulted in a net budget surplus of \$6,930.19.

Summary Statement of Receipts and Expenditures

(Exhibit E-1)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1961, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1961, is indicated in Exhibit E-2.

Statement of Long Term Indebtedness

(Exhibit F)

A statement of outstanding long term indebtedness of the School District as of June 30, 1961, showing annual debt service requirements, is contained in Exhibit F.

Statement of School District Tax Account

(Exhibit G)

A statement of the School District Tax account with the Town of Newmarket is presented in Exhibit G. As indicated therein, as of June 30, 1961, the School District had received from the Town the total amount of the 1960-1961 School Tax and the balance of the 1959-1960 School Tax which was due the District on June 30, 1960.

Student Activities Accounts: (Exhibit I)

A statement of the Student Activities accounts for the fiscal year ended June 30, 1961, is included in Exhibit I.

GENERAL COMMENTS

Current Surplus

The current surplus (excess of total assets over current liabilities) decreased from \$7,592.72 to \$6,739.51, in the fiscal year ended June 30, 1961, as shown herewith:

	June 30, 1960	June 30, 1961
Total Assets	\$9,592.72	\$10,739.51
Current Liabilities	2,000.00	4,000.00
	<hr/>	<hr/>
Current Surplus	\$7,592.72	\$6,739.51

Appropriation Overdrafts and Application of Municipal Budget Law

It is noted that in the fiscal year ended June 30, 1961, there was a net overdraft of appropriations amounting to \$1,239.74, as indicated herewith:

Overdrafts of Appropriations	\$6,198.23
Unexpended Bal. of Approp.	4,958.49

Net Overdraft of Approp.	<hr/>	\$1,239.74
--------------------------	-------	------------

In other words, total expenditures exceeded total budgetary appropriations by this amount.

In accordance with the provisions of the Municipal Budget Law (Chapter 32 of the Revised Statutes Annotated), application should have been made by the School Board, with the approval of the Budget Committee, to the State Board of Education for

authorization to make expenditures in excess of budgetary appropriations.

As indicated by Exhibit C, the three appropriation accounts in which the largest overdrafts occurred were as follows:

Teachers' and Principals' Salaries	\$2,761.24
New Equipment	816.95
Water, Light, Supplies & Expenses	519.36

CONCLUSION

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Newmarket School District for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Joseph W. Boudreau, Auditor
Laurence M. Bean, Accountant

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

August 14, 1961

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Newmarket School District for the fiscal year ended June 30, 1961. In our opinion, the Exhibits included herewith reflect the true financial condition of the School District on June 30, 1961, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Joseph W. Boudreau, Auditor
Laurence M. Bean, Accountant

Newmarket School District

REPORT OF NEWMARKET SCHOOL BOARD

The School Board submits the following report for your information and consideration.

The recent invitation to take Epping High School pupils on a tuition basis with a three-year contract at Newmarket High School was made for several reasons:

First, there would have been approximately a \$10,000.00 reduction in the amount to be raised by property taxes. Second, the physical plant of the High School would have been improved by the addition of three rooms, all within the present structure. Hot lunch facilities modernized, the science laboratory better equipped and the library would have received additional books and supplies. Third, additional teachers and changes in the courses offered at the High School would have enabled us to up-grade the quality of the education we give our young people. The additions to the building would have necessitated a bond issue of between \$30,000.00 and \$40,000.00. State funds amounting to 30% of the bond issue per year would have helped the town reduce its tax burden on this renovation.

It was fully understood by the Board that it was the privilege of either town to accept or reject all or parts of this plan.

The Board recently appointed a committee consisting of: Mrs. Joseph (Henrietta) Beaulieu, Mrs. John (Clara) Bukowski, John Carmichael, Leo Filion, John Jordan, Robert LeGault, Herbert Philbrick and Robert Stevens. This committee has been asked to meet to discuss the school situation and make recommendations to the Board members and to the tax-

payers. An immediate problem for their consideration is the Stone School. This building, which houses the 5th and 6th grades, is reported to be 139 years old and is definitely aging. The floor timbers under the building need repairing, the water service has to be renewed at an estimated cost of \$500.00, the building should be rewired, all the toilets have to be replaced, and the heating plant has an estimated useful life of one to three years. The cost of maintaining a separate building is about \$1,200.00 per year. The above mentioned committee will have several alternatives to consider. Should the Stone School be repaired; Should an addition be made, or perhaps, some alterations done to the present Central School to house these two grades; or should they be moved to the High School. Alterations or additions would have to be made if the latter course were chosen.

The Board reports the following major improvements to the District's schools. The roof at the High School has been resurfaced in accordance with a bonded guarantee. Additional work is to be done this Spring on the brick work around the roof.

A considerable amount of painting has been done at both the Central School and the High School. The Central School in particular has been reconditioned to a point where a moderate appropriation for this year should make it in very reasonable condition.

The Board was asked to arrange for tutoring for two students who were unable to attend regular classes. In one case it was accomplished by a two-way telephone system between the High School and the student's home and in the other by furnishing private tutor for the number of hours required by law.

Though the Board felt it lost an excellent public

school official when Mr. Thayer Wade resigned as Superintendent it feels that the District has secured the service of a most interested and talented person in Mr. William Grass.

We do not believe that we can over-emphasize the quality of the work done by our two Principals. They have shown cooperation and ability in every area of their responsibilities.

Our location near a University has made it possible to hire a fine teaching staff. In several instances the Board has been able to keep or hire teachers who had been offered higher salaries by other schools.

Our two custodians have again demonstrated their value with the great variety of jobs they have handled and the number of times they have saved the necessity of hiring much more expensive contract labor.

The members of the Board take this opportunity to thank the Board of Selectmen and the Citizens of Newmarket for their continued cooperation.

Respectfully submitted,

BEATRICE L. GEOFFRION

Chairman of the School Board

SUPERINTENDENT OF SCHOOLS REPORT

To the Citizens of Newmarket:

It is a pleasure to present this report to you in Newmarket. When a change in Superintendents takes place as it did last September in Newmarket, people became interested in his position, the place this office holds in our community and and state, and in the work that is done. It is because of this interest that the following report is presented.

At the present time there are 48 Supervisory Unions in New Hampshire. In other words, there are 48 different combinations of school districts and each employs a Superintendent of Schools. Our union is made up of Brentwood, Danville, Epping, Fremont, Kingston, Newmarket and Sandown, and is known as Supervisory Union No. 14. The Superintendent is a state employee working directly under the local school boards and in general for all of the people in the various communities.

The Union office expenses are paid by the various communities in the union. The percentages paid by each town is determined by the equalized valuation and average daily membership (number of students). The Superintendent's office, even though not located in Newmarket, works with the school staff, school administrators, and for the school board in such areas as financing, building programs, transportation, health, budgeting, purchasing, maintenance, etc. These are but a few of the general areas that are covered throughout the year. As we all know, more and more federal and state funds are becoming available and with these controls, many reports are necessary. It is important that the school board be informed and assisted in any way they wish to utilize

these benefits. In these areas, it can generally be said that the Superintendent's office assists, guides and counsels the Newmarket School Board and then carries out its directives.

The above areas are very important, but basically they are secondary to your Superintendent. It is still the primary function in Newmarket for the Superintendent to work with the staff, school board and others for improvement of education—curriculum developments, supervision, orientation, etc. Newer methods of teaching are forthcoming as never before and these ideas must be evaluated. New staff members must be orientated and their effectiveness as teachers determined. Teaching machines, team teaching, ungraded elementary schools, Joplin reading, guidance, language laboratories, etc. are already with us and only through the continued effort on the part of the school board and office of the Superintendent can we realize all the benefits. Only the strengthening of our schools will give that all important "climate for learning."

The Newmarket School Board has been working with the Office of the Superintendent this past month in the development of your new budget. Effort has also been directed toward increasing student enrollment at Newmarket High School, thereby lowering the per pupil cost. Members of the State Department of Education have met with us in this and other areas. Cost of operation is increasing as each of us knows, but only with larger units, more efficiency, and continued diligent efforts can we continue the fine "education climate" that is found in Newmarket.

In closing it is well for the Newmarket District to know that the recent change in Superintendents took place smoothly. This was only because the fac-

ulty, administrators, and school board all are well informed and interested in their program. They have been most helpful. This firm understanding of the local school district will continue to assist Supervisory Union No. 14 in its effort to develop even better schools

WILLIAM GRASS, JR.

Superintendent of Schools

HIGH SCHOOL PRINCIPAL'S REPORT

To the School Board and Citizens of Newmarket:

It is with pleasure that I submit to you my fourth annual report as principal of Newmarket High School.

TEACHERS

School officially opened on September 6, 1962 and once again we have had a fairly large turnover of teachers. Mr. Willis Reed replaced Mr. Richard Fisher in our Science department. Mr. John Boucher replaced Mr. Dorval as teacher of Latin and French. Mr. Donald Dimick replaced Mr. Daniel Antonopolos as teacher of Science and Math in grades seven and eight. Mr. Leo Ash replaced Miss Marcelle Houle as teacher of English and Public Speaking. Mr. Frank Conneely replaced Mr. Paul Degross as teacher of Social Studies in the high school.

We were most fortunate in replacing the above teachers with fully qualified instructors, and I feel that an outstanding job has been accomplished by our faculty.

CURRICULUM

Student needs and ability vary widely at Newmarket High School. Because this is so, we have tried, in the spring, to go over every student cumulative file and place the student in the subject field we believe best serves his or her goal in life. This is done with the help of all teachers, guidance director and the principal, the use of past records and standardized tests etc. In the past we have found that ninety per cent of the parents go along with our recommenda-

tions, in relation to the subjects assigned to their sons or daughters.

We urge all parents to please contact the Principal and Guidance Director in reference to any trouble their children may have with subjects. I feel that we can get matters straightened out a great deal faster in the office, where we have all the materials available, such as records, etc. If it is not possible to meet during the day, arrangements can be made after the dinner hour at night.

NEW MINIMUM STANDARDS

The very near future will bring to bear on Newmarket a new set of minimum standards set forth by the State Department of Education. Listed below are just a few of the proposed standards.

1. 180 days of school, 6 hours per day class-time.
2. Full time Principal for schools with 12 teachers.
3. Additional administration assistance for schools having more than 12 teachers.
4. No teachers shall teach more than 6 periods in a day or have more than 5 preparations.
5. All teachers must be certified.
6. Class size not to exceed 35.
7. All one unit covers must meet a minimum of 250 minutes per week.
8. Minimum of 20 academic credits per year.
9. Minimum of 14 Practical Arts credits per year.

10. Minimum of 3 Fine Arts credits per year.
11. Physical Education 2 periods per week.
12. One part time librarian as a staff member for schools with 150-300 pupils.
13. The library must have 1500 volumes, including 1200 titles for a school of 150-300.
14. Subscribe to 15 periodicals a year.
15. Budget for library shall be at least \$2.00 per pupil per year.

In closing let me state that we have come a long way the last few years in giving to our students an excellent education, however, many improvements are still needed and should be accomplished as soon as possible. What we have done has cost money and bult of this money comes from the property owners pocket and I believe something must be done to have the state pay a portion of this everlasting increase.

I would like to thank the members of the School Board, Mr. Grass and Mr. Wade, Superintendents, members of the faculty and the many organizations that have been such a great help to me this past year.

Respectfully submitted,

LEO A. LANDROCHE

Principal

GUIDANCE COUNSELOR'S REPORT

To The Voters of Newmarket, N. H.

As your school guidance counselor for the past two years, I am happy to present the following report of progress.

The purpose of the guidance program to two-fold: Firstly, we are attempting to keep the academic level of our school at a level consistent with the demands which will need to be met by those students who will be seeking training after high school. By this we do not mean only those who are planning to go to college. Because of the increasing demands by industry and business for people with training beyond that which can be offered in high schools, we are proceeding on the assumption that most of our students will be seeking such training after completing high school. We are keeping in mind such schools as technical schools, vocational schools and schools of business.

This is being done by the administration of numerous national tests to indicate areas of weakness and strength. Secondly, we are using these same tests to indicate the interests and abilities of our students in an attempt to guide each student into the curriculum most adapted to his ability, interest and need.

During the 1961-62 school year, we have inaugurated a "How to Study" course beginning with the 7th grade and continuing on through the other grades as time permits. In this area we have used the group approach by meeting with all members of each class for a period of several weeks. This group method will be followed by more individual attention as the need indicates.

Presently, we are planning for a school-wide test of reading ability. It is our feeling that many of our students are not doing as well as they should because of poor reading ability. These tests will give us results showing weaknesses and strengths in the areas of reading speed and in comprehension. Once the results of these tests are known we hope to inaugurate some type of program which will correct whatever deficiencies are found.

You will also be interested to know that of the Class of 1961, 55% of the graduates are attending or are planning to attend some school for further training. Approximately 70% of the class of 1962 are planning on some training beyond high school, either at Universities, Teachers Colleges, Technical Institutes or Business Schools. These percentages greatly exceed National averages for attendance at schools beyond high school.

Respectfully submitted,

KENNETH M. VARNEY

Guidance Counselor

ELEMENTARY SCHOOL PRINCIPAL'S REPORT

To the School Board,, Superintendent and Citizens of the Town of Newmarket :

It is with pleasure that I submit this, my annual report as Principal of the Newmarket Elementary Schools.

TEACHERS

For the school year 1961-1962, two personnel changes have been made. In Grade 1, Mrs. Nancy Penney replaced Mrs. Jean Lancaster. Mrs. Penney, however, resigned in January and was replaced by Mrs. Sarah Babcock. Mrs. Rita O'Connor replaced Mrs. Naomi Charest in Grade 3.

Other teachers include Mrs. Mildred Rooney, Grade 6; Mrs. Ruth Robie, Grade 5; Mrs. Ann Boisvert, Grade 2; and Mr. Edward O'Connor, Grade 4.

CHANGES and IMPROVEMENTS

Many changes and improvements have taken place at the elementary schools.

A new fire door has been installed at the Central School, and two new fire extinguishers have been purchased for use in the boiler rooms at each school.

Five new storm windows were installed on the upper floor of the Central School.

In the Central School, the boiler room and all of the hallways, classrooms, and basements have been painted. Some new wiring has been installed in the boiler room and in the basements.

New book cases and bulletin boards, built by the custodian, have been installed in every room.

At the Stone School, some window sills had to be replaced and others were caulked.

The kitchen at the Central school has been renovated, and a larger hot water tank is being installed. This has become necessary due to the great number of students being served by the program.

TESTING

This year the testing program in the elementary schools is being carried on in the same manner as last year. Achievement tests are given in September and May. Intelligence tests are administered in February.

I wish to extend my sincere appreciation and thanks to the members of the School Board, Superintendent, teachers and all others who have assisted in making this a successful school year.

Respectfully submitted,

EDWARD F. O'CONNOR

Principal

MUSIC REPORT

Elementary School

In Grades 1 and 2 the children have the opportunity to participate in group singing, rhythmic and listening activities and some musical-play acting. Here also, they make their first acquaintance with the language of music (the staff, notation, etc.)

In Grades 3 and 4, vocal development is continued on a stronger level and the children, starting in Grade 3, commence the writing of music in both the treble and bass clefs. Individual instruction on musical instruments becomes available at this time.

In Grades 5 and 6 the vocal activity includes a great variety of songs of an international character thus building not only an interesting repertoire for the children, but enabling them to experience the different forms of music to be found. Musical reading and writing is continued on a more intense level. All major and minor key signatures and some basic harmony is introduced here as well as singing in parts. The Elementary Chorus, consisting of Grades 4, 5 and 6, meets once a week.

Junior and Senior High

By way of review and also for the benefit of newcomers, the Junior High Chorus (Grades 7 and 8) studies musical notation and vocal development.

The band draws its membership from the Elementary, Junior and Senior High Schools and has already produced several fine young promising musicians. The band made its initial public appearance

with a quite capable performance in last spring's concert. The membership of the band has increased and we are at present attempting to stimulate even greater interest for the future.

The Senior High Glee Club lost many members through graduation and is now rebuilding. Although handicapped by a small senior class this year, the group is nonetheless well balanced.

Respectfully submitted,

JAMES BURKE

SCHOOL HEALTH PROGRAM — 1961

To the School Board and Citizens of Newmarket:

It is with sincere pleasure that I submit this, my annual report of the school health services of this community.

First, I must thank all of you for your patience and cooperation during the year. As my main interest is the health and welfare of your children. It is very gratifying to receive such help.

Pre-School Clinic

In May, 22 children registered for the Central School at a clinic held in the fire station. Vision tests were done, height and weight checked, and health records started. Mrs. Helen Brisson, R.N., helped me with these check-ups. At St. Mary's School, 37 children registered.

Children who will enter school in September, 1962, must be six years of age before January 1, 1963, and must be vaccinated. It would be wise to have them have their booster polio and DPT inoculations before school opens. This would be an added health safe-guard.

Tuberculin Testing Program

As the children in our schools had not had patch tests for approximately 9 years, I thought the best way to get a program started again would be to test Grades 1, 4, 7, and 11 for three consecutive years. That way in three years time, all children (with parents permission) would be done. This program was started in April with the following results:

St. Mary's School — 124 Done — All Negative

Central School — 46 Done — All Negative
High School — 68 Done — 1 Positive, X-Ray, Neg.

Physical Examinations

Dr. I. E. Brown, Jr., the school physician, is continuing the routine physical examination program to all children in Grades 1, 4, 7, 11 and all athletes. Blood Hemoglobin and urine tests are completed at the same time. Parents are notified immediately if any defect is found.

The following examinations were done:

Jan.-June, 1961 — Central School, 41

Defects: 2 decayed teeth, 1 enlarged tonsils

Sept.-Dec., 1961 — High School, 49

Defects: 3 decayed teeth

Central School — 20, No defects

Health Inspections

These are the routine health examinations done by the school nurse periodically throughout the school year. They include height and weight, hair and skin inspections, nutrition, vision and hearing tests.

The examinations completed include the following:

HIGH SCHOOL
